Sun Safety

During hot weather parents are asked to:

Dress their child in clothing which covers the skin and protects children from the sun.

Provide a named sunhat. Wide brimmed hats, hats with a flap of material protecting the neck and clothes with long sleeves to cover shoulders and arms are recommended.

All children are required to have a high factor sun protection cream applied before coming to Nursery (minimum factor 30) and if this is not possible, for example in the case of allergies, they should wear long sleeved clothing and have legs covered.

Staff will not apply sun cream in the morning, however we will apply sunscreen to the wrap around & 30hr children after lunch and again, where applicable, at tea time.

Supplies of quality, high factor, hypoallergenic sunscreen will be purchased by Tenterfield Nursery School and kept in nursery classroom cupboards. We may ask for donations from parents to ensure we are fully stocked over the summer.

No flip flop sandals please as these can cause accidents in nursery.

Provide a named water bottle which will come to and from nursery everyday.

At nursery:

Children are encouraged to drink water regularly during hot weather. Children will have their own water bottle, and water will be offered at snack times. During very hot weather we will have a 'water station' in the garden.

Children will be encouraged to use the shade in the garden during the hours of 11.00 a.m. and 3.00 p.m.

Sun cream will be re-applied after lunch, children will be encouraged to apply it themselves with the support of their keyperson?

If you have any questions, please do not hesitate to ask the school office.

We are looking for donations of either of these sun creams please. This will ensure we are fully stocked for every child this summer.

We appreciate your support as this is a large cost to the school. Please hand in donated bottles to the school office

2. Each group should have adequate adult supervision
3. To ensure each entry can be seen – the ratio of adults to children in your parade should not be greater than 1:1

5. The parade will set off at 1pm, led by the fire engine, float and music.
6. The parade route starts at the Welwyn Civic Centre and progresses down Welwyn High Street, past the church ending at the site of the Family Fun Day on Singlers Marsh

ONLINE SAFETY NEWSLETTER.

CHANGE IN MINIMUM AGE FOR WHATSAPP

The minimum user age for WhatsApp has recently changed from **16** to **13**. This is part of the series of changes WhatsApp is making to its terms and conditions. The new changes are WhatsApp's response to new European regulations, the Digital Services Act and the Digital Markets Act, which require companies to be more clear about how they moderate and deliver content.

WhatsApp have provided the following recommendations for user safety and security:

Keeping users safe and secure

We provide a range of tools, features, and resources to keep users safe. For example, we ensure people can't search for your phone number on WhatsApp, and a user can:

- Choose who can contact you
- Control who can add you to group chats
- Hide your personal information like your last seen and online, profile photo, and about
- Leave group chats silently

You can learn more about privacy and safety information for teen users on WhatsApp [here](#).

SEXTORTION – WHAT PARENTS/CARERS NEED TO KNOW:

On April 29th, 2024, the National Crime Agency CEOP – Child Exploitation and Online Protection alerted schools and educators about the increasing incidence of 'sextortion,' It is reported that there has been global rise in cases, particularly among boys aged 14-18. **However, it is important to remember sextortion poses a threat to individuals of all ages and genders.**

What is sextortion?

Sextortion is a type of blackmail when someone threatens to share nude images or videos of, or sexual information about, someone online unless they are paid money or agree to do something else for them, such as send more images. Sextortion is a crime and can be committed by an individual or a group of people working together. (source: www.childnet.com)

Remember: If your child has sent a nude or semi-nude image or video of themselves and is concerned that this has been or may be shared online, you can take these 3 steps to try and support them in getting it removed:

1. Use **Report Remove**, a tool from Childline and the Internet Watch Foundation. Your child can use this to remove images that have been shared or might be shared.
2. Use **Take It Down**, a tool from the National Center for Missing and Exploited Children. Your child can use this to remove or stop the online sharing of images or videos.
3. Report directly to the platform or app that the incident has occurred on. For advice on how to report to major social media platforms, visit **Internet Matters**.
